Change to Product - Bulletin #1 of 2005

New EXO-BR® Silicone Oral/Nasal Mask w/tie wraps - Part #325-055

February 1, 2005

The new Oral/Nasal Mask for the EXO-BR® Full Face Mask will be available in March 2005. The new mask has several improvements, but the most important is that instead of latex, it is made from silicone rubber. This new oral/nasal provides the following important benefits:

- Better fit on the diver's face
- More secure fit on the regulator mount ring
- Better microphone fit
- Lower volume oral/nasal to help reduce CO₂
- Hypo-allergenic

The part number for this product is 325-055. The previous latex oral/nasal mask with tie wraps will be discontinued in March 2005.

This new mask will ship as standard on all EXO-BR® full-face masks starting on March 2005.

Part #325-055 EXO-BR® Silicone oral/nasal mask with tie wraps
